

*Water Park Equipment
& Amusement Rides*

**From Concept to Completion,
We are Committed
to your Success**

CUSTOMIZED SOLUTIONS

Every Project we approach is different and our design efforts are customized to the uniqueness of each project and each set of client objectives. Every property is unique with specific topography, distinct weather, foliage, development infrastructure, and more. We set aside preconceived notions and approach every new project with a blank slate.

REAL-TIME ASSISTANCE

We provide holistic installation services from start to finish. From choosing the best slides to laying the most efficient master plan, our experienced and vast team of technical experts know everything about waterparks and solve any problem to help meet deadlines. We take care of the installation from start to finish and only leave when your waterpark is up and running.

WALK THE TALK

Our team of qualified engineers and architects carefully examine the smallest details of the project using their experience and world-class technology and software to create a water park and amusement park that are well balanced, correctly sized, appropriately budgeted and aimed at maximizing profit and fun. To accommodate the crowd and guarantee their comfort and safety, every aspect of the project is carefully designed to create a waterpark with a strong and unique identity that guests will remember.

ALWAYS HAPPY TO INNOVATE FOR YOU

With professional and experienced developers, we develop your site with “out of the box” thinking and unique solutions to maximize profits and increase footfall.

about us

PROFESSIONAL

CREATIVE

TALENTED

We love what we do and have spent decades operating & perfecting our passion for what we love i.e. designing excitement.

With roots in Manufacturing industry, our leadership team is focused and driven to provide customer satisfaction. We focus on asking the right questions and building on each other's ideas to create the best entertainment attractions in the world. We intensely care about the work we do and see most projects through from concept to opening day.

our mission

Kinex believes in a positive attitude towards work and a constant approach to upgrade its resources to stay relevant. We continue to innovate and bring industry-leading technology to our projects for your waterpark's and amusement park's success. We understand the time frames, budgets and demands you are working under and find a way to make your dream a reality. Our commitment to consistently deliver the highest quality services and expert project design and management to our clients is what makes us the first choice for our customers.

CONCEPTUALISATION

Our teams of experts carry forward your vision to conceptualize compelling environments, inspiring spaces and immersive experiences with a perfect mix of creativity, entertainment, and ride integration.

PLANNING, DESIGN & THEMATIZATION

Planning is the first step in creating a water park, which ensures seamless ride integration and flow. We provide practical solutions to all your questions and construct an in-depth market analysis of architecture designs to optimize capacity and enhance experiences. Thematization of various spaces, we deliver parks that make the business profitable and maximize attendance levels. Every waterpark and amusement park we create is unique as it brings your unique vision to life.

MANUFACTURING

Our core service, which builds the foundation of success for water parks & adventure parks, we manufacture your water slides and amusement rides with 100% in-house team and infrastructure. Our experienced and qualified team works with high accuracy and controlled procedures to deliver extraordinary products which are safe & durable. From mould design to water slides, amusement rides and thematization elements, everything is under one roof.

INSTALLATION & REALIZATION

Our trained & experienced installation team carries out most critical installation processes of the park, ensuring all rides are installed in correct procedures and using right tools. It is a hassle-free experience for the promoters to get their new park done in the shortest time. While water parks & amusement parks have great features that attract the audience, there are “backstage” elements like administration, structural engineering, mechanical systems, and safety considerations that play an important role in making visitor’s experience memorable. We make sure these hidden “backstage” elements function flawlessly and offer various realization packages and programs to avoid any incidents.

MAINTENANCE

Our team of professionals help you maximize revenues at your water park. Our specialist maintenance team conducts regular checks and executes necessary maintenance procedures for optimal efficiency and performance. We provide after-sales services and maintenance in various packages along with complete training packages.

Integrating latest manufacturing technology and processes we believe in staying relevant and leading in the industry with highest quality at affordable cost for our customers. Achieving our mantra to balance cost without compromising quality we implement latest technology alongside proven manufacturing methods like:

- **LRTM:** New age composite manufacturing process focussing on superior finish and time effective production process.
- **Hand-Lay up:** Time tested process of manufacturing strong & durable FRP composites with flexibility and accuracy at same time.
- **Design & Mould:** Our in house team of engineers design every component of water slides and amusement rides using latest computer aided design and analysis technology. Every mould we use is also developed in house by our highly skilled and experienced team members to ensure end to end process control and quality of our products

STRIKER LOOP

Product Name	Striker Loop
Slide Type	Body Slide
Product Width	33" (838 mm)
Customisable	Yes
Category	High Thrill, Speed Slide

SKY DIVE

Product Name	Sky Dive
Slide Type	Body Slide
Product Width	28" (711 mm)
Customisable	Yes
Category	High Thrill, Speed Slide

RIVER DIVE

Product Name	River Dive
Slide Type	4 Persons Raft Slide
Product Width	108" (2743 mm)
Customisable	Yes
Category	Adventurous, Family Slide

SUPER SLIDER

Product Name	Super Slider
Slide Type	Raft Slide 2 Persons or 1 Person
Product Width	54" (1371 mm)
Customisable	Yes
Category	Adventurous, Family Slide, Loop

OCTOPUS RACER - MULTILANE

Product Name	Octopus Racer - Multilane
Slide Type	1 Person with Mat
Product Width	31.5" (800 mm) – 33" (838 mm)
Customisable	Yes, height & curves
Category	High Thrill, Family Speed Slide

BODY CYCLONE

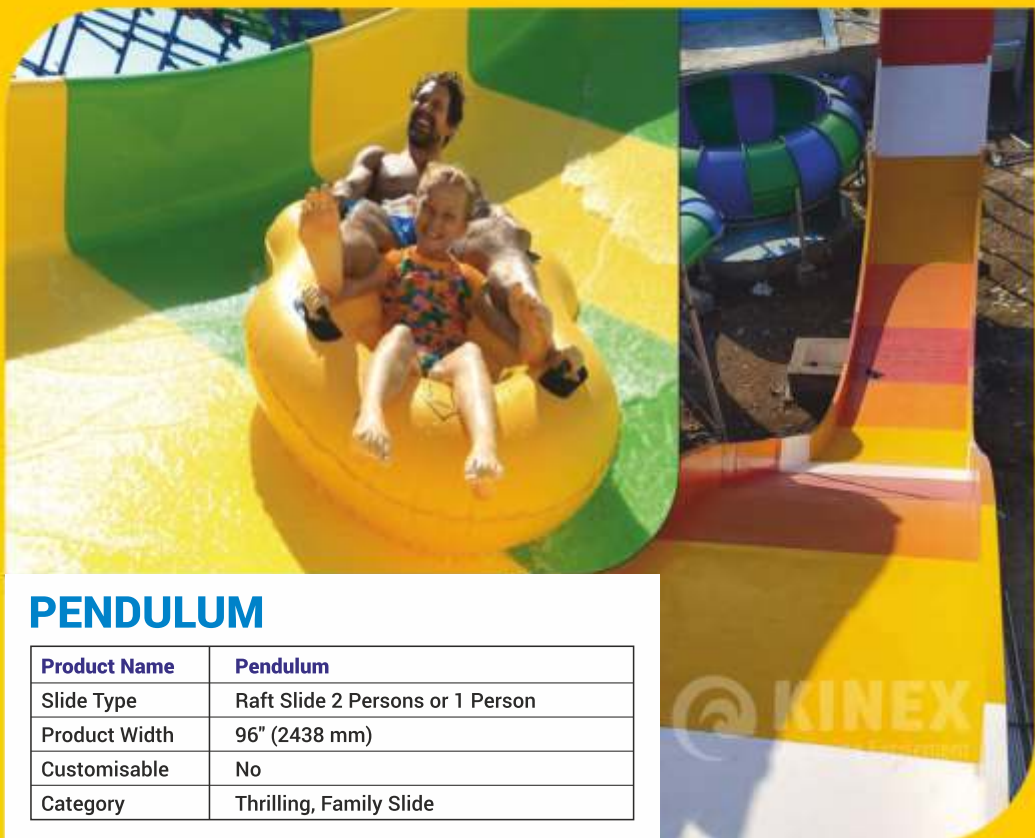

Product Name	Body Cyclone
Slide Type	1 Person Body Slide
Product Width	Standard
Customisable	Yes, Flume Only
Category	High Thrill, Spinning Slide

TURBO CYCLONE

Product Name	Turbo Cyclone
Slide Type	Raft Slide 2 persons or 1 person
Product Width	Standard
Customisable	Yes, Flume Length Only
Category	Family Spinning Slide

PENDULUM

Product Name	Pendulum
Slide Type	Raft Slide 2 Persons or 1 Person
Product Width	96" (2438 mm)
Customisable	No
Category	Thrilling, Family Slide

BOOMER JUMP

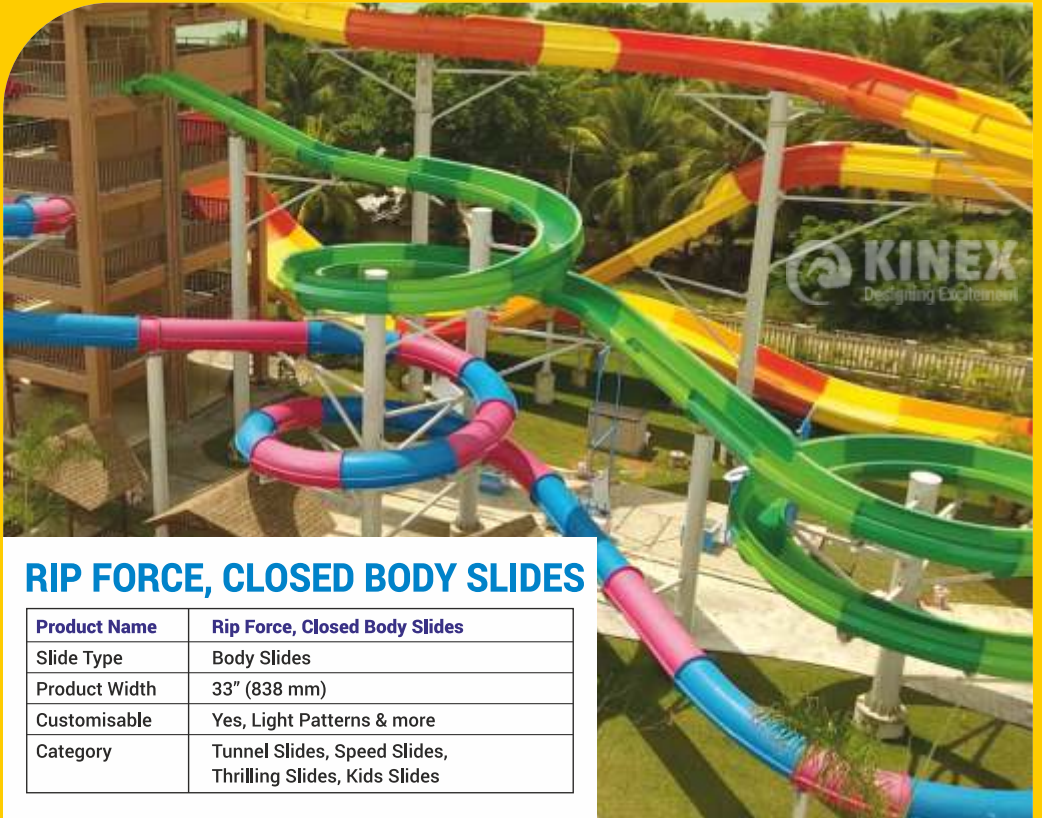

Product Name	Boomer Jump
Slide Type	Raft Slide 2 persons or 1 person
Product Width	Standard
Customisable	Yes, Flume Length
Category	Adventurous, Thrilling Family Slide

TIDAL SPIN, BODY SLIDES

Product Name	Riptide, Body Slides
Slide Type	Body Slides
Product Width	33" Open
Customisable	Yes
Category	Speed Slides, Thrilling Slides, Kids Slides

RIP FORCE, CLOSED BODY SLIDES

Product Name	Rip Force, Closed Body Slides
Slide Type	Body Slides
Product Width	33" (838 mm)
Customisable	Yes, Light Patterns & more
Category	Tunnel Slides, Speed Slides, Thrilling Slides, Kids Slides

FUN WAVE

Product Name	Fun Wave
Slide Type	Multi Persons Body Slide
Product Width	96" (2438 mm)
Customisable	Yes, Height, Length
Category	Family Slides

WATER PLAY STRUCTURE

Product Name	Water Play Ground (Themed)
Slide Type	Multiple Body Slides
Product Width	Variable 28" to 33"
Customisable	Yes, Full custom design with theme
Category	Kids, Super Fun

WAVE POOL & RIVERS

Product Name	Wave Pool & Rivers
Slide Type	Wave Pool & Rivers
Product Width	Crazy River, Lazy River, Wave Pools
Customisable	Yes
Category	Thrilling, Waves, Family Fun, Relaxing River

KINEX
Designing Excitement

MUSHROOM, FUN AXIS, RAINBOW RINGS

Product Name	Mushroom, Fun Axis, Rainbow Rings
Slide Type	Zero level, Sprayers
Product Width	Standard
Customisable	Yes
Category	Toddler Friendly, Sprayers
